

GXS20 Series

Single-phase fixed-speed pressure boosters with pressure switch control. Connected to electric pumps BG, CA, CEA, HM and SV

SPECIFICATIONS

Number of pumps: 2

Delivery: up to 28 m³/h

Head: up to 120 m

Electric panel supply voltage:

1 x 230 V 50 Hz (single-phase)

Power: 2 x 1,5 kW

Motor starting: D.O.L.

Water temperature: 0°C to +40°C

Pump type: Horizontal and vertical

MATERIALS

Pump: Stainless steel

Manifolds: Galvanised Aisi 304

Base: Galvanised

PRODUCT APPLICATIONS AND CHARACTERISTICS

- Water supply
- Heating and air-conditioning
- Water supply for heating and washing systems
- Easy to install
- Trouble-free servicing
- Pressure switch control
- Compact solution for residential use
- Protection against dry running
- Automatic switching
- Vibration dampers under base
- Plastic control panel IP55
- Unit factory assembled, calibrated and tested
